

THE
HORSE &
HOUSE PARTY
EXPERIENCE
CREATED BY LIBERTY TRAILS

Highlights of The Horse & House Party Experience

- ▶ Ideal experience for riders travelling alone or with one or two friends.
- ▶ Stay for three nights in a private country house with other experienced riders. Breakfasts and all suppers are cooked by a local chef.
- ▶ Enjoy two full days of guided riding, on your horse or ours, taking in numerous fast canters. Lunch is served daily on the moors.
- ▶ Option to bring your own horse! We've always loved welcoming riders who bring their own horses, but recommend you bring your own usual hard feeds and supplements with you. We can supply advice from a local vet on how to get your horse nicely fit for this sort of adventure, plus a suggested packing list which is very useful we find. We will guide you to your yard if you bring your own horse once you approach Dartmoor.

Itinerary

PLEASE NOTE: some details of the trip outlined below may vary; we amend our routes to make the most of weather conditions and energy levels etc.

Day one:

Arrive at your guest country house on Dartmoor from around 4pm (or come earlier to settle your horse at our private yard, if bringing your own), and enjoy some proper Devon tea and scones on arrival. Get to know the rest of the group over pre-dinner drinks while a favourite local chef cooks and serves a first rate dinner featuring many local ingredients.

Day two:

After breakfast, a Liberty Trails representative will arrive to take you to your ride starting point. Mount up for a fabulous 5-hour ride covering some 15 miles or so, with a stop for a sit down lunch.

Your guide will be able to tell you much about the National park's wildlife, legends, ponies and more as you ride. Your ground support crew can carry (or receive) spare kit, besides providing regular refreshments and taking great photos of you on the hoof. Return home to freshen up and perhaps even relax in the sauna or hot tub.

Day three:

As for day two, a fun, fast day in the saddle with your guide and ground support crew after a substantial breakfast in your country house. Once again, your ride will take in tors, standing stones, native pony herds, and more. It's common to see disused tin mines, circling buzzards and to cross the occasional river. Toast the ride's end with tea and cake (and a tot of port!). Dinner awaits you later in your country house.

Day four:

After a relaxing final breakfast, guests depart.

Accommodation and meals

This trip is based from one of Dartmoor's few luxury country houses, rented exclusively for our party. It has a number of double and twin rooms all en suite, a farmhouse style kitchen, large lounge, games room, free wifi, home gym, sauna, hot tub and an outdoor dining area.

Breakfast and three really excellent suppers are provided in the country house for by a private chef who will create a menu to suit your dietary requirements.

Typical supper dishes include Brixham scallops to Dartmoor-reared lamb. But all dietary requirements can be accommodated.

Lunch is served by your ground crew in a local beauty spot on the moors, though we have a range of wet weather plans if necessary, ranging from an awning on our support vehicle, to a proper barn-based picnic should that seem inadequate. Lunch may be hot or cold (depending on the forecast) with tea and coffee served afterwards, and at a mid morning coffee break.

Single/ Shared occupancy:

If not travelling with a friend you are happy to room with, please let us know if you are happy to share an en suite twin room with another guest.
